Ring measurements are very precise. Carefully follow these instructions to obtain the accurate measurement.

Print out this page on A4, check your print accuracy by making sure that the scale measures exactly 50 mm.

Measure current ring

1. Select a ring that properly fits the intended finger.
2. Place the ring over the circles below. Match the inside edge of the ring to the circle nearest in size, to find your correct ring size.
3. If the ring falls between two sizes, order the larger size.

When buying a large model ring, please consider that the ring should be one size bigger than your regular size.
